Message from your
County Commissioner

We are a County with lots of dedicated leaders and girls, who have the opportunity to discover their full potential and we provide them with the safe space in which to have fun. My thanks to all of you who lead girls week in week out, it's your dedication and support that keep the County moving forward.

I have spoken to many people but one of the greatest comments is "I have met some of my greatest friends through Guiding." It's true we have, we have also seen many girls who have gone through our units and become incredible people moving onto their young careers. Close friendships, gaining self-confidence and having fun with the new experiences we can provide them with all this!

Thank you to one and all.

Caroline Harries
